01 ABOUT URBAN BLEND INTERIORS

Urban Blend Interiors offers bespoke turnkey interior design services.

Our design philosophy centres on creating spaces that offer an escape from the everyday, interiors that are modern and sophisticated, yet grounded and functional. We believe your space should be an extension of your lifestyle.

Each project is thoughtfully designed with the end user in mind. We work with trusted suppliers to source high-quality furnishings that stand the test of time and collaborate with skilled artisans to craft custom, original pieces.

This 1-bedroom furniture package was curated for long-term rental or resale value and is available in three timeless colour schemes:

03 COLOUR SCHEMES

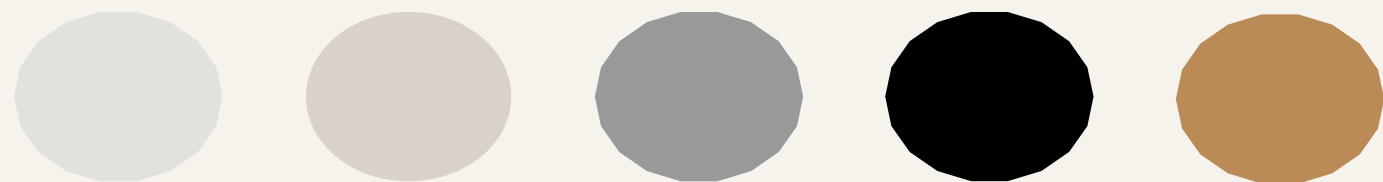

Whether you're furnishing a new home or refreshing an existing one, we offer three distinct schemes to elevate your space and highlight its best features.

SCHEME 1 : LIGHT

A 'less is more' design approach, with a key emphasis on a light, airy, grounding colour palette. Think wood accents with a touch of leather, woven rugs and plush decor items. Muted tones that encourage a serene retreat from the everyday life.

SCHEME 2 : DARK

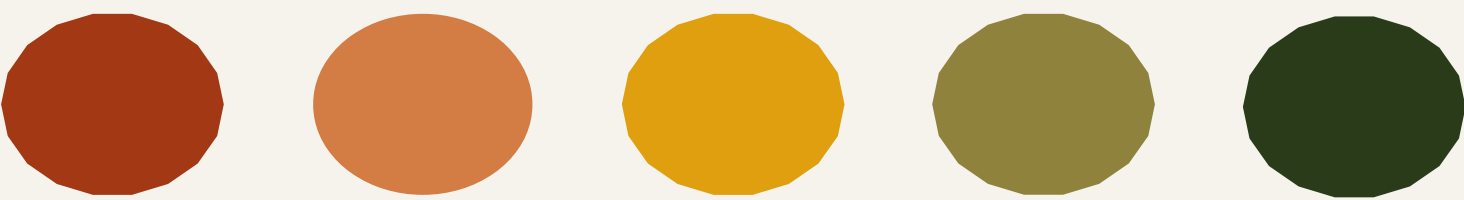

A bold yet inviting space, combining luxury and comfort with a sense of mystery and refinement - perfect for contemporary urban living or statement making interiors. The scheme includes contrasting elements such as natural stone, aged materials, matte ceramics, brushed brass and leather, offering richness, refinement, and mood.

SCHEME 3: VIBRANT

A vibrant and colourful interior that radiates warmth, creativity and joy. It features a lively mix of bold hues – such as red, coral, sunny yellow and emerald green. Patterns and textures are layered thoughtfully. The space feels energetic yet inviting, with every corner offering something visually engaging and full of character.

BIOPHILIC DESIGN

Nature isn't just a view — it's a feeling. That is why biophilic design is at the heart of our furniture packages.

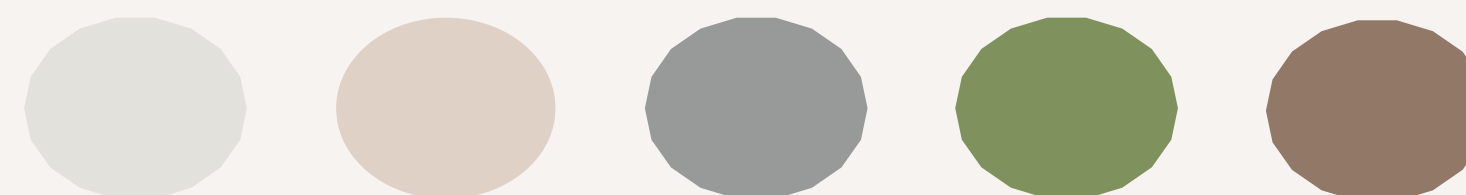

By bringing in natural light, organic materials and greenery, we create environments that restore balance, boost creativity, and nurture well-being from the inside out.
